DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

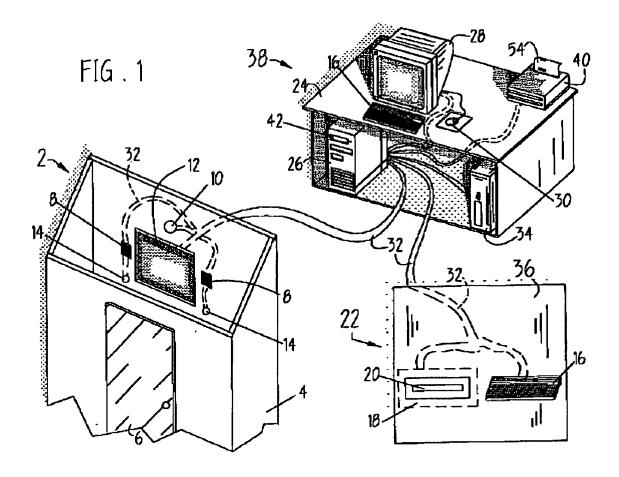

Claims 1, 2, and 5-7 are rejected under 35 U.S.C. 102(e) as being anticipated by Pena (U.S. Patent 6,292,211).

Regarding claim 1:

Pena discloses a data processing apparatus for effecting a predetermined process with respect to another data processing apparatus, comprising: a recognition unit for recognizing a money account function of another data processing apparatus (Col. 5-6, Lines 55-65); a decision unit for deciding whether said data processing apparatus is to effect a money account process for a first process by said data processing apparatus and for a second process by said another data processing apparatus (Col. 5-6, Lines 55-65); in the case where said recognition unit recognizes that said another data processing apparatus does not have the account function (Col. 3, Lines 38-67); and a control unit for controlling execution of the money process in accordance with the decision by said decision unit (Col. 5-6, Lines 55-65).

Application/Control Number: 09/847,257

Art Unit: 2863

Regarding claim 5:

Pena discloses a data processing apparatus comprising: a processing portion for effecting a predetermined process with respect to another data processing apparatus (Col. 5-6, Lines 55-65); an Information portion for informing said another data processing apparatus that the data processing apparatus has the money account function, so that said another data processing apparatus does not execute the money account process for the predetermined process (Col. 3, Lines 38-67); and a money account portion for executing the money account process for a first process by said data processing apparatus and for a second

process by said another data processing apparatus in order to execute the predetermined process after the information by said information portion (Col. 5-6, Lines 55-65).

Regarding claim 6:

Pena discloses a method for controlling a data processing apparatus for effecting a predetermined process with respect to another data processing apparatus, comprising: recognizing a money account function of the another data processing apparatus (Col. 5-6, Lines 55-65); deciding that said data processing apparatus is to effect a money account process for a first process by said data processing apparatus and for a second process by said another data processing apparatus (Col. 5-6, Lines 55-65), in the case where said recognition step recognizes that said another data processing apparatus does not have the account function (Col. 3, Lines 38-67); and controlling execution of the account process in accordance with the decision by said decision unit (Col. 5-6, Lines 55-65).

Regarding claim 7:

Pena discloses a method for controlling a data processing apparatus comprising: effecting a predetermined process with respect to another data processing apparatus (Col. 5-6, Lines 55-65); informing said another data process apparatus that the data processing apparatus has the money account function (Col. 5-6, Lines 55-65), so that said another data processing apparatus does not execute the money account process for the predetermined process (Col. 5-6, Lines 55-65); and executing the money account process for a first process by said data

processing apparatus and for a second process by said another data processing apparatus in order to execute the predetermined process after the informing, by said informing step (Col. 5-6, Lines 55-65).

Regarding claim 2, Pena further discloses decision what effects the decision on a basis of information received from another data processing apparatus (Col. 5-6, Lines 55-65).

Allowable Subject Matter

2. Claims 3 and 4 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all the limitation of the base claim and any intervening claims.

The following is an examiner's statement of reasons for allowance: prior art fail to teach regarding to claims 3 and 4: the money account process is based on at least one part of information regarding the number of images read by the data processing apparatus, monochromatic reading, color reading, the number of sheets to be printed by said another data processing apparatus, monochromatic printing and color printing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Page 6

3. Applicant's arguments with respect to the amended claims have been considered but are moot in view of the new ground(s) of rejection. However, applicant's arguments filed 01/11/2006 have been fully considered but they are not persuasive.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
